

THE STATE OF NEVADA

PERMIT TO CHANGE THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Name of Permittee: HERMAN J. KUTSCHENREUTER
Source: UNDERGROUND
Basin: MASON VALLEY
Manner of Use: IRRIGATION
Period of Use: JANUARY 1ST THROUGH DECEMBER 31ST
Priority Date: 03/25/1975

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion, place and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 68398, is issued subject to the terms and conditions imposed in said Permit 68398 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is issued for irrigation purposes within the described place of use, further identified as Lyon County Assessor's Parcel Number 014-411-22. This permit cannot be sold separately or otherwise transferred or conveyed from this place of use. Any attempts to change the place of use of this permit will be denied.

If any water under this permit is cancelled, withdrawn, or any water is not put to beneficial use, it will revert to the groundwater source and not back to the base water right.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.0031 cubic feet per second or 0.7365 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 29 2018

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

September 29 2020

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 29th day of September, 2015

State Engineer

 STATE ENGINEER'S OFFICE

1. The source of water is an underground source
Name of stream, lake, underground, spring or other sources.
2. The amount of water to be changed pro-rata share of the diversion rate not to exceed 0.7365 acre feet per annum
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.
3. The water to be used for Irrigation (limited to exterior demands of a domestic well NRS 534.013) purposes
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use
4. The water heretofore used for Irrigation purposes
If for stock, state number and kind of animals.
5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)
within the NW1/4 of the SE1/4 of Section 6, T13N, R25E, MDM, or at a point from which the SE corner of said Section 6 bears South 54 degrees, 35 minutes, 25 seconds East, a distance 2,777.52 feet. Refer to map under 83919
6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)
SE1/4 SE1/4 Section 3, T14N, R25E, MDM, or at a point from which the SW corner of said Section 3 bears South 88 degrees, 48 minutes, 30 seconds West, a distance of 5,241.00 feet. (Refer to map filed under Permit No. 68398)
