Name of appropriator:	Truckee Meadows Water Authority City of Reno City of Sparks

The water is diverted from the Truckee River via Orr Ditch, Orr Ditch Pump Station, Steamboat Canal, Highland Ditch, Idlewild Treatment Plant and North Truckee Ditch, thence the water is treated and pumped into Truckee Meadows Water Authority's water distribution system. The overall system ultimately conveys the treated water to Truckee Meadows Water Authority's water customers within its certified water service area as depicted by record (map and legal description), which is filed in the Office of the State Engineer.

*This certificate changes the point of diversion, place of use and manner of use of a portion of Claims 576/577, Truckee River Final Decree, United States v. Orr Water Ditch Co., In Equity Docket No. A-3 (D. Nevada 1944), therefore, the date of priority remains the same as Claims 576/577.

This certificate is subject to the Water Treatment and Distribution Agreement dated October 9, 1989, between the City of Reno and Sierra Pacific Power Company (Truckee Meadows Water Authority is the successor in interest to Sierra Pacific Power Company's responsibility).

This certificate is issued subject to the terms of the permit.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place and for the purpose as set forth herein.

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E., State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 10th day of October A.D., 2005.
