

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

.....

O R D E R

EXTENDING THE DESIGNATED AREA OF THE LAS VEGAS
ARTESIAN BASIN

On January 10, 1941, the State Engineer by an official order and pursuant to a petition signed by thirty-two legal appropriators of underground water in Las Vegas Valley, Clark County, Nevada, designated a described area of land as an underground artesian water basin coming under the provisions of the Underground Water Law, (Chapter 178, Nevada Statutes, 1939).

Recent development of artesian water northerly from the area included by the 1941 Order has indicated the necessity of extending the designated area in that direction.

An Order is hereby made by the State Engineer and entered on the records of the State Engineer, at Carson City, Nevada, designating the following described area of land as an extension to the already designated underground artesian water basin and coming under the provisions of the Underground Water Law, (Chapter 178, Nevada Statutes of 1939, as amended, Chapter 106, Statutes of 1943):-

Being that area immediately to the north and northwest of the present designated area, and described as being that area included in Township 19 S., Range 60 E., and the South Half of Township 19 S., Range 61 E., M.D.B. & M.

Dated this 29th day of February, 1944, at Carson City,
Nevada.

Alfred Merritt Smith,
State Engineer
