

IN THE OFFICE OF THE STATE ENGINEER  
OF THE STATE OF NEVADA

.....

O R D E R

DIRECTING THE INSTALLATION OF MEASURING DEVICES  
IN THE SMITH VALLEY ARTESIAN BASIN

.....

The terms of all underground water permits in Smith Valley require that a suitable measuring device be installed and that accurate measurements of the water use be kept.

We have found from investigation that the majority of underground water users in the Smith Valley Artesian Basin have not installed measuring devices in accordance with their permit terms.

You are therefore ordered to install a suitable measuring device at your diversion within fifteen (15) days of the date of this Order.

Dated this 2nd day of August, 1961.

EDMUND A. MUTH  
State Engineer
