

IN THE OFFICE OF THE STATE ENGINEER

STATE OF NEVADA

ORDER

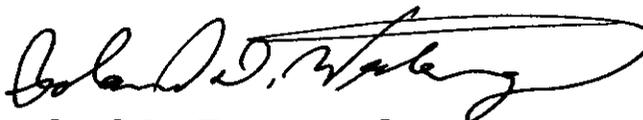

City of Las Vegas
400 East Stewart Avenue
Las Vegas, Nevada 89101

Certificate 2500 (Permit 9601) was issued for 0.05 c.f.s. of water from an underground source for municipal sewage treatment plant and domestic purposes. The point of diversion of water from the source is described as being within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26, T.20S., R.61E., M.D.M.

Nevada Revised Statutes provide that failure for five (5) successive years to use beneficially all or any part of the underground water for the purpose for which such right has been acquired shall work a forfeiture to the use of such water to the extent of such nonuse.

Records, evidence and information on file in the Office of the State Engineer and evidence and testimony presented at a Hearing held on July 13, 1977 indicate that there has been no beneficial use of water under the subject Certificate and Permit for the purposes for which the right was acquired for a period in excess of five (5) successive years.

In accordance with the State Engineer's oral order at Hearing on July 13, 1977, it is hereby ordered that Certificate 2500 (Permit 9601) is declared forfeited in its entirety.

Roland D. Westergard
State Engineer

Dated this 14th day of
July, 1977.
