

IN THE OFFICE OF THE STATE ENGINEER
OF THE STATE OF NEVADA

O R D E R

Frehner Construction Co., Inc.
124 West Brooks
North Las Vegas, Nevada 89030

You have caused a well to be drilled within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 1, T.34N., R.55E., M.D.B.&M., in clear violation of NRS 534.050, section 1, which provides "every person desiring to sink or bore a well in any basin or portion therein in the State designated by the State Engineer, as provided for in this chapter shall first make application to and obtain from the State Engineer a permit to appropriate such water, in accordance with the provisions of Chapter 533 of NRS relating to the appropriation of the public waters, before performing any work in connection with the boring or sinking of such well."

The location of the well is within the area designated and described under Order No. 778 "Designating and Describing the Elko Segment Ground Water Basin, Elko County, Nevada", dated December 8, 1981, made and entered in accordance with NRS 534.030.

A request for a waiver to drill and use the well was submitted to the State Engineer on August 29, 1983, after the well was drilled. A waiver cannot be granted under NRS 534.050, section 2, because the basin is designated.

You are hereby ordered to cease and desist the diversion of water from said well immediately and are ordered to plug said well in accordance with part 14 of the Regulations for Drilling Water Wells within 15 days of the date of this Order.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada
this 2nd day of September, 1983.
