By field investigation conducted on March 18, 1988, we have determined that you have illegally changed your points of diversion under Claims 02573 and 02574 on Unionville Creek (aka Buena Vista Creek). NRS Chapter 533.325 requires that "...before performing any work in connection with such appropriation, change in place of diversion or change in manner of place of use, make an application to the state engineer for a permit to make the same."

THEREFORE, YOU ARE HEREBY ORDERED to cease using the new diversion until such time as it has been approved by the State Engineer. Any and all water used shall be used from the decreed points of diversion.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada, this
22nd day of MARCH, 1988.
