The records of the State Engineer's office reflect the following owners of Permit 9244, Certificate 2594, for the waters of an underground source within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17, T.13N., R.20E, M.D.B.&M.: Allegretti & Company; Jeanette M. Waldrep; Ronald F. Thaheld; Alexander R. & Michele M. Wagner; Henry & Ester Schwarzer; Clifford & Janet Miller; John & Livia D'Atri. The point of diversion of Permit 9244, Certificate 2594, is located within Douglas County Assessor's Parcel 23-040-17. The records of the Douglas County Assessor's office reflect Allegretti & Company as current owner of said parcel.

A field inspection made by the State Engineer's office on April 17, 1989, revealed that two artesian wells presently exist within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 17, T.13N., R.20E., M.D.B.&M. The State Engineer's records reflect that Permit 9244, Certificate 2594, is the only underground water right within said NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 17 and further that this right authorizes only one (1) well to be located at the point of diversion herein described.

THEREFORE, YOU ARE HEREBY ORDERED, pursuant to the authority under the provisions of NRS 533.330 of the Nevada Revised Statutes to plug one of said wells in accordance with Part 14 of the Regulations for Drilling Water Wells within 30 days of the date of this order. A copy of the regulations for water wells in the State of Nevada is attached.

Peter G. Morros
State Engineer

Dated at Carson City, Nevada,
this 18th day of MAY, 1989.
