GENERAL:

JOIA

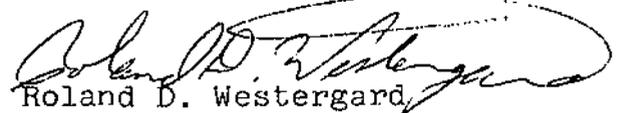

Application 7056 was filed by C. E. Biggs on February 26, 1924 to appropriate 4.16 cfs of water from the Humboldt River for irrigation (416 acres) and domestic purposes. The point of diversion is described as within the NW¹/₄ SE¹/₄ of Section 20, T. 25 N., R. 32 E., M.D.B.&M. The place of use is described as within Section 30, T. 25 N., R. 32 E., M.D.B.&M.

A letter was sent to the applicant on January 23, 1969 by certified mail requesting additional information necessary before further action could be taken on application No. 7056. The letter was returned by the Post Office Department stamped "unclaimed". It is the responsibility of the applicant or his successors in interest to keep this office informed of his current mailing address.

Correspondence under Application 7056 dated April 7, 1927 and May 20, 1927 indicates an error was made in the original application as the proposed point of diversion and place of use were described within T. 25 N., R. 32 E. Sketch map submitted indicates the actual point of diversion and place of use are within T. 25 N., R. 31 E., M.D.B.&M.

Application 7056 is herewith denied on the grounds that the applicant or his successors in interest have failed to submit the information requested, and the approval of this application without the information requested would be detrimental to the public welfare.

Respectfully Submitted,

Roland D. Westergard
State Engineer
