R U L I N G

GENERAL:

72 Application 1275 was filed by Mable A. Jackman January 30, 1909, for permission to appropriate all the flow of springs in Barber Canyon for mining, milling and domestic purposes. The proposed point of diversion is described as within the NE $\frac{1}{4}$ NW $\frac{1}{4}$  Section 24, T.33N., R.36E., M.D.B.&M.

This application was filed during the period when the State Water Law required the applicant to submit the publication notice to the newspaper for publication. No proof of publication has been filed under this application. A letter dated May 22, 1909, from the State Engineer advised the applicant that it was necessary to submit the proof of publication.

A letter dated November 19, 1909, from the State Engineer to the applicant stated that unless the proof of publication was received immediately this office would be obliged to cancel said application. No reply was received to these letters.

A letter dated December 23, 1970, was forwarded to the applicant by certified mail requesting additional information necessary before a permit could be issued under this application. This letter was returned by the Post Office Department stamped: "No Such Post Office in State Named."

RULING

Application 1275 is herewith denied on the grounds that the applicant failed to submit the requested information necessary before a permit could be issued under this application.

Respectfully submitted,

  
Roland D. Westergard  
State Engineer
