R U L I N G

GENERAL:

Application 36130 was filed on November 3, 1978 by Financial Investment Corp. to appropriate 6.0 c.f.s. of the waters of an underground source to be diverted within the SE1/4 NW1/4 Section 22, T.17N., R.22E., M.D.B.&M., to be used for quasi-municipal and domestic purposes to serve 320 single family dwellings located within the S1/2 NE1/4, SE1/4 NW1/4, E1/2 SW1/4, NW1/4 SE1/4, and E1/2 SE1/4 Section 22, T.17N., R.22E., M.D.B.&M.

Application 36131 was filed on November 3, 1978 by Financial Investment Corp. to appropriate 6.0 c.f.s. of the waters of an underground source to be diverted within the SE1/4 NE1/4 Section 22, T.17N., R.22E., M.D.B.&M., to be used for quasi-municipal and domestic purposes as supplemental to the same 320 single family dwellings as described in Application 36130.

This area was designated on January 22, 1978 by order of the State Engineer. Present information available indicates that the estimated perennial yield of the Dayton Valley ground water basin is 7,900 acre feet. Existing water rights of record within the Dayton Valley underground basin exceeds the estimate of perennial yield.

RULING:

Applications 36130 and 36131 are hereby denied on the grounds that the granting of these applications for additional withdrawal of water from this area of the Dayton Valley ground water basin would adversely affect and tend to impair the value of existing water rights.

Respectfully submitted,

William J. Newman
