Water will be used for quasi-municipal and domestic purposes. The existing point of diversion of Permit 28269, Certificate 8872, is within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 10, T.17N., R.23E., M.D.B & M. Water was used for irrigation and domestic purposes.

Application 39076 became ready for action December 8, 1979. No protests were filed.

RULING

Due to a typographical error, the diversion rate was erroneously published as 0.05 c.f.s. The permit under Application 39076 will be issued with a diversion rate of 0.50 c.f.s., as applied for under the original application to change.
