GENERAL

Application 43253 was filed on February 23, 1981, by Bill Clem to appropriate water from an underground source in Stone Cabin Valley, Nye County, Nevada.

On April 3, 1981, in conformance with procedure set out under NRS 533.355, the State Engineer returned Application 43253 for correction by certified mail with a request for a supporting map.

Application 43253 was cancelled on June 16, 1981, for failure to file a supporting map within the statutory time limit allowed under NRS 533.355. Subsequent to the cancellation, it was learned that the required map had, in fact, been submitted within the subject time period.

RULING

The cancellation of Application 43253 is herewith rescinded on the grounds that the applicant had, in fact, complied with the certified return for correction notice dated April 3, 1981, and that the supporting map as required under NRS 533.350 was timely received in this office. A period of 30 days from the date of this ruling is herewith allowed for resubmission of the statutory publication fee under this application: Upon submission of the \$25 publication fee, the application shall be processed toward publication in accordance with provisions of NRS 533.360.

Respectfully submitted,

Peter G. Morros  
State Engineer
