FINDINGS OF FACT

I.

The applicant was notified by letter from the State Engineer's office dated January 25, 1985, that Application 42935 was ready to be approved and that, in accordance with NRS 533.435, it would be necessary that the sum of \$100.00 be remitted to the Division of Water Resources. No fees were submitted as a result of that notice.¹

II.

By certified letter dated April 15, 1985, the State Engineer's office notified the applicant again that the \$100.00 permit fee must be remitted within 30 days of the date of the letter or Application 42935 would be subject to denial. Properly endorsed receipts for the certified notice are on file in the office of the State Engineer. To date, no permit fees have been received for Application 42935.¹

CONCLUSIONS

I.

The State Engineer has jurisdiction in this matter under the provisions of NRS 533.325 and NRS 533.435.

II.

The applicant has been properly notified of the requirements for the submission of the permit fees and has failed to comply with that requirement.
