RULING

GENERAL

I.

Application 50532 was filed on January 20, 1987, by Richard Valiente and Ismael Piedra to appropriate 0.006 c.f.s. of water from an underground source for quasi-municipal and domestic purposes within the S1/2 SW1/4 SE1/4 SE1/4 NW1/4 Section 16, T.22S., R.61E., M.D.B.&M. Application 50532 became ready for action by the State Engineer's Office on May 7, 1987.

FINDINGS OF FACT

I.

The applicant was notified by letter from the State Engineer's Office dated May 16, 1989 that application 50532 was ready to be approved and that, in accordance with NRS 533.435, it would be necessary that the sum of \$100.00 be remitted to the Division of Water Resources. No fees were submitted as a result of that notice.¹

II.

By certified letter dated October 26, 1989 the State Engineer's Office notified the applicant that the 1989 session of the Nevada Legislature amended the fees charged by the State Engineer. The amendment resulted in an increase in the fee associated with Application 50532 from \$100.00 to \$153.00 and therefore the \$153.00 permit fee must

be remitted within 30 days of the date of the letter or Application 50532 would be subject to denial. Properly endorsed receipts for the certified notice are on file in the office of the State Engineer. To date, no permit fees have been received for Application 50532.¹

CONCLUSIONS

I.

The State Engineer has jurisdiction in this matter under the provisions of NRS 533.325 and NRS 533.435.

II.

The applicant has been properly notified of the requirements for the submission of the permit fees and has failed to comply with that requirement.

RULING

Application 50532 is herewith DENIED on the grounds that the applicant has failed to submit the permit fees required under the provision of NRS 533.435.
