General:

This application has been assigned to F. H. Arcularius.

Protests to the granting of this application were filed by F. H. Arcularius on March 24, 1949, on grounds that its granting would interfere with his deeded range rights, and by Jess Chance and Jess Chance, Jr., on March 1, 1949, on grounds that it would impair existing range rights.

The protest of F. H. Arcularius was withdrawn on September 26, 1951.

Upon investigation it was found that the service area of this source is within the area allotted to the applicant for grazing purposes.

RULING

The protest to the granting of Application 12794 is herewith overruled on grounds that the granting thereof will not interfere with any existing water right of the protestants. A permit will be issued under this application upon receipt of the statutory permit fee.

Respectfully submitted,
