Attn: Dean Goodall

Dear Dean,

On October 26, 1988 we cemented a water well located on the SE $\frac{1}{4}$, NE $\frac{1}{4}$, SEC 34, T 21S, R 61E, for Bland Ford Company. The well was 188 feet deep with a static water level of 33 feet. The well had 8" casing to an unknown depth, and 6" casing from 0-188 feet. The well was perforated and trimmed with approximately 2 yards of neat cement.

If you need any additional information please feel free to call on me.

Sincerely

Fred B. Allen III
