Mr Hunt,

This is from Donna, Arland Stalker. We reside in Sandy Valley, NV.

We are sending this to you in hopes that you can do whatever needs to be done with this.

We have also included pictures of our well so that you can see for yourself, what was done.

Also would we be getting any paper work back from your office, about our well.

This way we could have the paper work for our well that the State Engineers office would have if it is possible.

The date was left blank in the driller's certification block of the well drillers report. We were unsure if you wanted the date it was drilled, or this years date.

We are including a copy of the receipt for you to look at.

If you need any more information on this issue, please feel free to call us or email us.
