Mr. Dick Williford
State Division of Water Resources
Carson City, Nevada

Dear Mr. Williford:

This letter is to inform you of the abandonment of an 8" well located in SW1/4 NW1/4 Sec 36 T34 R51 and owned by Newmont Gold Company.

The casing was cut at 50 feet then pumped full of bentonite, meeting specifications described in the Regulation for Drilling Water Wells, part 14.02. The top 50 feet were vacated and plugged with concrete.

Sincerely,

R.D. REYNOLDS
