ABOUT - Well Abandonment Program
ACH - Dayton Project
American Eagle Resources

We Marcin & Sons Drilling Co., Nev. Contr. Lisc #018884, Nev. Driller Lisc. 707 and 917
Did perforate 10 - 4 inch plastic monitoring wells and 1 - 6 inch steel monitoring well.

The perforating was done with a 4 inch Mills Perforator and a 6 ~~XXXX~~ inch Mills Perforator. The 10 four inch monitoring wells had a total of 484 ft of casing X four cuts every 12 inches, a ~~XXX~~ total of 1936 cuts, 3/16 " X 1 " cuts.
The 6 inch steel monitoring well totaled 40 feet X 4 cuts every 12 inches a total of 160 cuts, 5/16" X 1 1/2" cuts.

The casing was cut to ground level and a total of 7 yds. of neat cement was pumped down the 11 wells. The neat cement was furnished by Capital City Concret and the pumping was done bt Drowns Pumping Service under the supervision of Marcin & Sons Drilling Co.

The work began 3-26-90 and was completed 3-28-90.

Yours truly

Shelma J. Marcin
