Dear Mr. Gallagher:

This letter is to inform you of the abandonment method of a hand dug well in the NE 1/4 of the NW 1/4 of section 24, Township 30, Range 65 E., Elko County, Nevada.

The abandoned well was found to be 45 feet deep and 4 1/2 feet in diameter. It was cased to a depth of 10 feet. After removing the cover we could readily view the bottom of the hole which appeared to be clean soil. We back filled this hole to the surface with clean clay based native soil and mounded over.

Sincerely,

Ray D. Reynolds
