Dear Mr. Steven:

With this letter, Marathon Oil Company is providing notification that the water well in the NW/4 SE/4 Section 23, T.19N., R.56E. White Pine County, Nevada (Waiver #OG-116) has been plugged and abandoned. The well was drilled to support drilling operations for the Keno #23-33 oil well.

The well was plugged on May 1, 1992. The estimated water used was 6000 barrels. The well was drilled to a depth of 200'. The bottom 150' was plugged with course bentonite. The top 50' was plugged with 20 sacks of cement. The casing was then cut off below ground level. The plugging operations were conducted by Gerald Christiansen.

Sincerely,

MARATHON OIL COMPANY
