6. LITHOLOGIC LOG

Material	Water Strata	From	To	Thickness
All ten wells drilled under m/o 843 by Brian Nance were abandoned. The state only required two wells to be abandoned but the other eight had no water in them and were not doing any good so I cemented them up as well.				
P.S. Being that all ten wells were just a few 100' apart and had the same information I just filled out one report for all ten.
