WELLS, NEVADA 89835

Mike Turnipseed  
State Engineer  
Division of Water Resources  
123 W Nye Lane  
Carson City, Nevada 89706-9910

Dear Mike:

Two "stock wells" (dry holes) were drilled for Von Sorensen under permit number 51293 and waiver #W-347. Both have been abandoned; methods and descriptions are as follows:

1) SE 1/4 SW 1/4 Sec 35 T33N R61E 10-1-86  
10" diameter, 300 ft deep - backfilled with Tower plug (coarse bentonite and sand) up to 50 ft. From 50 ft. to surface - concrete.

B2517 177  
Log # 84187

2) SE 1/4 SW 1/4 Sec 35 T33N R61E  
10" diameter from 0'-85'; 6" diameter from 85'-193'.  
Backfilled with cuttings up to 50 ft. From 50 ft. to surface - concrete.

Log # 84188

Sincerely,

R. D. REYNOLDS
